

African Research Group for Oncology

Standard Operating Procedure: Data Entry Requirements

Version Date: 20/06/2023

POLICY:

All data for ARGO clinical research protocols must follow ARGO data entry timeline requirements. All sites are responsible for ensuring adherence to the outlined protocol. If there are any questions, please contact MSKCC Research Project Manager: Rivka Kahn at kahn1@mskcc.org or ARGO Program Manager: Israel Owoade at: israeladeyemigmi@gmail.com.

PROCEDURE:

- Baseline data must be entered within **3 weeks** of a protocol participants on-study date. Baseline data is collected on each participant when they begin a clinic research study.
- All data entered must be verifiable by source documentation
